Temporary Traffic Control Order
Traffic Control No. 2024-01

Pursuant to 1949 PA 300, as amended and under the authority of the Michigan Uniform Traffic Code for Cities, Townships and Villages (Rule 28.1153 Section 2) which states, in part:

- (2) Traffic-control orders may be issued by the traffic engineer on his or her own authority, but when so issued shall be known as temporary traffic-control orders and shall not be effective after the expiration of 90 days from the date of filing and these temporary traffic-control orders shall not be renewed or extended, except upon approval by the ordinance making body.

The Trustees of the Village of Elberta hereby issue the following Temporary Traffic Control Order:

Affected Street: Bye Street to Bye Road (Elberta Beach Parking Lot)

Nearest Cross Street: Furnace Street

Temporary Control Order: When the Elberta Beach Parking Lot (Bye Road) is full, portable Village barricades will be placed at the top of the hill on Bye St. until the Elberta Overlook Parking Lot is full. The portable barricades will continue to be moved forward down Bye St. allowing only the right side of Bye St. to fill with parked cars (this will allow Emergency vehicles to enter and exit the area safely). When the right side of Bye St. is full of parked cars, the portable barricades will then be placed at the start of Bye St. at Furnace Ave. and traffic will be directed to park along Furnace Ave. and at either parking lots for the Waterfront Park. After the Frankfort firework display ends, the portable Village barricades will be removed to allow traffic to be directed to exit the Village.

This order becomes effective when the portable Village barricades are in place and manned by Village DPW, volunteers or a State Trooper.

Effective Date: 07/04/2024 Effective Time: 7:00 AM
Expiration Date: 07/04/2024 Expiration Time: 12:00 Midnight
